Tecnológico de Monterrey

ARQ/BA
B.A. in Architecture

Don't just build buildings. Build the future.

Why study this program at Tec?

At Tec, design is much more than creating buildings. It's about shaping spaces with a positive impact. From your very first semester, you become part of an ecosystem where technology, sustainability, inclusion, and environmental regeneration intersect with creativity. You're trained to create architecture with purpose: human-centered, responsible, and transformative.

Is this your path?

If you're passionate about designing spaces that improve people's lives, regenerate the environment, and challenge the status quo, Architecture at Tec is for you.

ARQ at Tec is your platform to make it happen!

Imagine this:

Leading an internationally recognized architecture firm, transforming cities through innovative projects, and designing spaces that respond to the major social and environmental challenges of our time.

At Tec, that future starts today.

What makes this program unique at Tec:

- A strong focus on sustainability, regeneration, and inclusion through design.
- Concentrations such as Advanced Architecture, Regenerative Design, or BIM.
- A creative ecosystem with labs, competitions, projects, and real-world partners.
- Double Degree opportunities and international options with universities like Politecnico di Torino (QS #20) and RMIT (QS #21).

Here, you're part of something bigger

#51 -100 #51 worldwide in Architecture (QS Ranking by Subject 2026)

Double degree with Urbanism program and programs with Essex, Rennes, and Macquarie

80 years training architects with a sustainable vision

Global network of universities and international experiences

Check which campuses offer this program at tec.mx

Your career field, full of possibilities. Some examples:

Architectural design, urban planning, heritage conservation, sustainable architecture, construction technology, interior design, real estate development, urban policy, architectural visualization, teaching, and research.

The voice of those already making an impact

- **Surella Segu**, Loeb Fellow at Harvard and finalist for the Diversity in Architecture Award 2025.
- **Fernanda Reyes López**, Silver Medal at the 2nd FCARM Young Architects Biennial, Gold Medal at the IX Ibero-American CIDI Biennial, Silver Medal at the XV Mexican Architecture Biennial.

A glimpse of how our community creates real impact with talent.

Skills you'll develop:

You will formulate critical, sustainable, and inclusive architectural proposals. Manage projects with an ethical, technical, and social approach. Integrate emerging technologies into design. Build a global and interdisciplinary vision to imagine possible futures.

Your ideas already envision spaces. Here, you learn to build them.

Take the first step toward architecture that transforms.

Tecnológico de Monterrey

Curriculum
B.A. in Architecture

1ST SEMESTER
- Mathematics and Science
- History of Art, Design and City
- Theory of Art, Design and Habitat
- Design Fundamentals
- Drawing and Graphic Expression
- Creative Methods
- Tec week: Induction to the Social Service
- Tec Week Elective I

2ND SEMESTER
- Humanities and Fine Arts
- Creative Coding
- Digital Experimentation
- Research for Creative Industries
- Data Analysis and Visualization
- Design with Mathematics and Physics
- Exploration Topic
- Foreign language
- Tec Week Elective II
- Tec Week Elective III

3RD SEMESTER
- Social and Behavioral Sciences
- Architectural Representation
- Design Studio 1: Single Family House
- Construction Criteria
- Critical History of Architecture and the City
- Tec Week Elective IV
- Tec Week Elective V

4TH SEMESTER
- Leadership, Entrepreneurship and Innovation
- Efficiency in Facilities & Bioclimatic Solutions
- Design Studio 2: Community Center
- Digital Architectural Representation
- Tec Week Elective VI
- Disciplinary Tec week: Experimentation with Drawing

5TH SEMESTER
- Ethics and Citizenship
- Construction Project
- Design Studio 3: Collective Housing
- Construction Costs
- Tec Week Elective VII
- Tec week: Professional Life Planning

6TH SEMESTER
- Design Studio 4: Urban Design and Landscape
- Critical Analysis of Architecture and the City
- Structural Systems
- Communication in Architecture
- Construction Project Management
- Tec Week Elective VIII
- Tec Week Elective IX

7TH SEMESTER
TEC SEMESTER
You'll be able to customize your career through:
- Concentrations
- Internships
- International experience
- Elective training units

- Tec Week Elective X
- Tec Week Elective XI

8TH SEMESTER
TEC SEMESTER
You'll be able to customize your career through:
- Concentrations
- Internships
- International experience
- Elective training units

- Tec Week Elective XII
- Tec Week Elective XIII

9TH SEMESTER
- Integrated Design Studio
- Integrated Construction Workshop
- Entrepreneurship in Architecture
- Tec Week Elective XIV
- Tec Week Elective XV

10TH SEMESTER
- Final Studio Project
- Elective Multidisciplinary Professional
- Tec Week Elective XVI
- Tec week: Strategies and Guides for the Final Degree Exam

● You'll be able to customize your learning experience by choosing from the different available options.

*The curriculum may vary. Contact an admissions advisor or visit **tec.mx** for more information.

BACHELOR

This program is also offered in English as:
Bachelor of Architecture.
