

**Imagine what would happen if you could use technology to create a fairer world for everyone.**

This is just part of what you can achieve by studying the **B.A. in Law** at Tecnológico de Monterrey.

### Competencies you will develop

- Problem solving for a globalized world
- Use of technological tools
- Oral and written argumentation skills
- Multidisciplinary solution of legal problems

The best thing about studying at Tec is that you will be able to design your profile aligned with your interests, and work in a variety of fields, such as:

- Public sector (e.g. courts of law, legislative power, public administration)
- Private sector (e.g. legal area in companies)
  - Technology development companies and FINTECH
  - NGOs
- International organizations
  - Research centers
  - Think tanks

**But you set the limits**

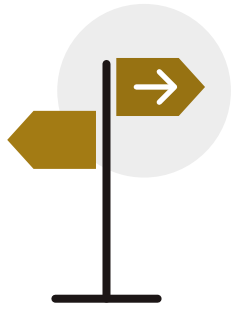

### Is this the right path for you?

If you believe that justice, legality and respect for human rights are the keys to development and conflict resolution in today's world, this is the right degree for you.
