

Imagine representing Mexico in an international forum for sustainable development.

This is just part of what you can achieve by studying the **B.A. in International Relations** at Tecnológico de Monterrey.

Competencies you will develop

- Analytical tools to understand the past, analyze the present and project the future
- Use of technological tools for analyzing and solving global problems
- Comprehension, analysis and generation of proposals committed to the global sustainable development agenda
- Exposure to challenging real-world experiences, in the public, private and social sectors
- High negotiation and decision-making skills, promoting sustainable development

The best thing about studying at Tec is that you will be able to design your profile aligned with your interests, and work in a variety of fields, such as:

- National public sector (Secretaries of State at the federal and subnational levels. For example: the Mexican Ministry of Foreign Affairs, Foreign Service)
 - International organizations (UN system, OAS, OECD, World Bank, among others)
 - Private sector (multinational corporations, fintech, strategic consulting firms, think-tanks, the media)
- Not-for-profit organizations, such as Save The Children, Amnesty International, Greenpeace
 - Research

But you set the limits

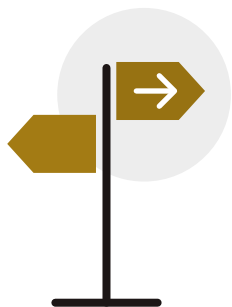

Is this the right path for you?

If you appreciate that we live in an interconnected world, have an international vision of your environment, and consider yourself to be a global citizen, this is the right degree for you.

YOUR DEGREE AT TEC

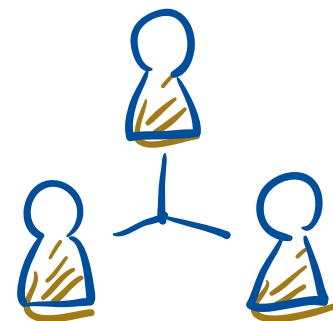

Your journey starts here
