### **The Dais:**

The Marvel Cinematic Universe Dais, formed by the Conference Officer Omar Gregorio Márquez Escalera, the Moderator Sofía Rivera Flores, and the President Diego Chacón Galindo, from Campus Morelia, extends a cordial welcome to all the delegates and watchers present in this committee, wishing to reach a diplomatic resolution for the challenges raised in this international forum.

### **The Committee:**

The Marvel Cinematic Universe (MCU) committee is dedicated to manage all the relevant and international topics related to the use of materials for weapon making and the control and regulation of people with super abilities, in order to maintain peace. This committee was created in 2012 after the events that took place in New York City related to the Chitauri invasion, When the Chitauri civilization took over the Earth. Our main goal is to guide a dialogue in which all the delegations can reach a solution for a present problem.

### **Topic A: The extraction of Vibranium and its use for energy and weapons.**

Vibranium is a very rare and powerful mineral that reached the Earth when a meteorite crashed about a million years ago. It landed in what nowadays we know as Wakanda, the country with the most possession of this material, and in which they have used it in the creation and development of weapons, daily-use technology, means of transport, architecture, and clothing.

Wakanda, officially known as the Kingdom of Wakanda, is a small nation located in the North East of the African territory. It is considered the most technologically advanced nation in the world. Its capital is Birnin Zana, which is their largest city. For centuries, they

were isolated from the rest of the world, but after dealing with vibranium trafficking and their civil war, the Wakandian Government decided to open their doors to other countries and join the UN (United Nations).

After the revelation of Wakanda to the world and the announcement of the death of king T'chala, the world thought that Wakanda had no defenses and many governments tried to steal vibranium from the Wakandian territory. Because of that, the Queen of Wakanda, Ramonda, showed herself at the United Nations with the militars who tried to infiltrate Wakanda to steal vibranium with her. Wakanda made it clear that they were prepared and still have defenses.
